About Us

PELEMAN INDUSTRIES

Peleman Industries is a 3rd generation family owned company founded in 1939 with a presence in 104 countries.

Unibind's products are made with up to 70% recycled materials and produced with natural wind and solar energy.

 **Unibind®**

USE THIS INSTRUCTION TEMPLATE FOR ASSEMBLY!

Materials Needed: PhotoBook, 2 Matte End Sheets, Stapler, Printed Pages/Photos

Step 1:

- › Place one **matte endsheet on top and to the back** of your printed pages or photos.
- › The **white strip** on the matte endsheets should **face out on both sides**.

Step 4:

- › **Remove this template sheet.**

Step 2:

- › Place **this instruction template sheet on top of the stack of photos and end sheets.**

Stack As Shown:

- Instruction Template
- End Sheet (White Strip Faces Out)
- Photos
- End Sheet (White Strip Faces Out)

Step 5:

- › Open the PhotoBook **with front up.**
- › Insert the stapled edge of the pages **into the channel** of the PhotoBook.

Check The Following:

- › Pages are **neat and centered**
- › Pages are **touching the channel**

Step 3:

- › Staple **through the holes** to the left of this page.

Step 6:

- › Remove the **front white adhesive strip.**
- › Close front cover of the PhotoBook and **firmly press** from top to bottom **near the channel to secure the adhesive.**
- › Flip over PhotoBook, and repeat step 5 for the back.
